

## BRC/Roll top mesh fence

### Description

Roll Top mesh fence is also called BRC fence, It is made of a welded mesh panel fence that has a rolled top and bottom edge. The unique design ensures there are no protruding sharp edges. The panel is extremely rigid and with good see through visibility. This system is ideal where safety is paramount, creating an ideal for Parks and Recreational fencing, Playground fencing and School fencing. This roll top fence / BRC is very popular in Australia, Southeast Asia, Euro Market, etc

The height are available in a range of heights from 900 till 1800 mm.

The popular wire diameter are 4.0mm and 5.0mm, mesh holes are 50 × 150mm, others are available.

Posts are manufactured from steel tubular section or round pipe with threaded inserts for fixing the steel mesh clips. Additional fixings are provided to accommodate stepping of panels where the fence is installed on a gradient.

The general post section are square tube 60 × 60mm, 60 × 80mm, others are available.

Round pipe φ48mm, φ60mm,

HT-Fence welded wire panel fence is manufactured from galvanised material, powder coated and pvc coated. The popular color is Green RAL 6005 .If others color is required, we're easily able to provide this. All of our fence power from AKZONOBEL Company.
